Free **Molder Friendly Seminar** in Sand Key Fla. - Sept 30th through Oct 2, 2008

Attendees will receive special rates at the Sand Key Resort.

#### Basic Seminar Topics will cover:

1. **Mold & Molding Quality Concepts** - How to minimize variation
2. **Plastic Material Basics**
3. Part Design for Moldability
4. **Mold Design** for Optimum Performance
5. **Mold Construction**
6. **Mold Test & Processing Concepts**
7. Piece Part Costing
8. Reducing the Mold Cost
9. Innovation
10. Dealing with Deliveries – Project Management
11. How to measure Performance

We will also have a plant tour and some guest speakers to showcase the latest Manufacturing technology.

The seminar is geared to the novice, but we will have some things to share for the experts as well.

How to increase CPK and guarantee cycle times will be covered, along with **cube stack mold** concepts with multiple material and colors.

To attend our free seminars, please fill out this form.
